

///UJEB'S BATMITZVAH PROGRAM

UJEB partners with Stand Up, the Jewish Museum of Australia and the National Council of Jewish Women of Australia (Vic) to construct a unique year-long program. A core educator from UJEB will teach the girls throughout the year as they explore the vibrant Jewish world through a variety of lenses, with a different focus in each school term. Running through the entire program is a commitment to instilling in our students a lifelong love of Judaism. The girls will finish their year with a presentation afternoon amongst family and friends.

SOCIAL ACTION

Students will participate in Stand Up's social justice program for B'nei Mitzvah-aged students. During the term students will explore and address 21st Century challenges such as poverty alleviation and human rights. Students will have an opportunity to complete their own Action Projects and regard themselves as changemakers for a better world.

ISRAEL

Classes will be held exploring our historic and current connections to Israel. Highlights will include participation in communal Yom Ha'atzma'ut and Yom Yerushalayim events. Girls will also research the parashah that falls on their 12th birthday, and undertake a project in relation to it.

HISTORY & CULTURE

In Term Three the classes meet at the Jewish Museum of Australia, and focus on Jewish history, art and culture. Highlights include an exploration of the Australian Jewish story. This term culminates in a roots project investigating the girls' individual family stories of migration and settlement.

JEWISH WOMEN

The final term at NCJWA (Vic) explores a wide variety of influential roles that Jewish women have undertaken throughout the ages. The participants will meet with inspirational young Jewish women who are active in making a difference in the Jewish and broader community.

///CLOSING CEREMONY

The presentation in December is an afternoon tea where the girls share what they have learned with family and friends in a joyous celebration.

///TESTIMONIALS

I like the fact that the program spans throughout the whole year and works in coordination with other Jewish organizations. My daughter had the opportunity to explore content she otherwise wouldn't encounter at school or at any other program.

Nurit Meltzer

Our daughter participated in the UJEB Bat Mitzvah program 2014 and we are so pleased with our choice. The program has offered our daughter a positive insight into the Jewish community spirit. The program has introduced her to her own family stories and history. With a small group, she has interacted each week with girls from different schools. Our daughter has had a truly enriching experience.
